FOREWORD

We take pleasure in presenting our new color catalog for 1959. Many of you have written us about how much you have enjoyed our past catalogs, and we think you will like this one also. We have been forced to make a token charge for the catalog this year for the first time. To our many old customers, thanks for your orders. We hope to hear from you again soon. To prospective new customers, try us and see the quality of our large rhizomes. We will treat you right. We get many repeat orders the same season from satisfied customers.

Again we have dropped many of the older iris varieties and have added more new ones to take their place. So this is really an "Iris Fanciers' Catalog". We are constantly on the alert to get you the finest new things obtainable.

The garden gates are open on week days from 10:00 A.M. to 5:00 P.M. During blooming season, we are also open Saturdays and Sundays same hours; evenings by appointment. You are cordially invited to visit the garden and see the modern iris, the rockeries, and the shrub and flower borders. The plantings make an attractive back drop for the iris. See the baby iris seedlings growing in our new modern concrete bins.

Lots of newer iris, in too short supply to list in the catalog, are being grown here to increase stock so as to be able to list them another season. We grow lots of "Guest" iris—showing and testing them for other hybridizers. Annually thousands of new seedlings bloom for the first time. Re-selected seedlings are grown and tested to see if they merit introduction. Come and see them and let us know which ones you like.

We'll be looking for you. If you can't come, be sure to send in that order and do it early. We'll treat you right, of that you can be sure.

GORDON W. PLOUGH

About the catalog

Much research and checking has gone into forming this catalog. In the main variety list, after the variety name comes the hybridizer's name and the year the iris was introduced. Next comes the symbol for the season of bloom—E, M, L—signifying Early, Mid-season and Late. After this in parenthesis is the breeding. Here look first for the capital "X." To the left of this is the pod parent. To the right is the pollen parent. This capital "X" is my own idea. In involved parentages, it is proving invaluable in helping to simplify and speed up reading of these lineages. The Registrar of the American Iris Society has adopted this idea and it is now officially a part of the records in listing the new varieties that are registered each year. Following the parentage is a brief description. Then comes the awards an iris has won.

A word about the awards may help you who are not A.I.S. members to understand them. H. C. (High Commendation) is an award given to a seedling iris, either under number or name, not introduced at time of judging. This is a recommendation that this variety is worthy of introduction. Next honor in line that an iris may win is the H. M. (Honorable Mention). Any iris that has been officially registered and introduced before the current July 10 is eligible for this award. Next comes the A. M. (Award of Merit). This award is given only to those iris that have won an H. M. not less than two or more than five years prior to the current season. The top award is the Dykes Medal. For a tall bearded iris to win this, it must first have won an A. M. during the previous four years. Mention should be made here, too, of the President's Cup award. This is given to the outstanding iris variety seen at each yearly convention of the A.I.S.

So keep in mind in reading this catalog that there is just one Dykes Medal awarded each year. There are 12 A.M.'s awarded each year (or more if a tie vote appears for 12th place). There is no limit to the number of H. M.'s awarded each year. A variety must receive 12 A.I.S. judges' votes to get this award. There were 76 H. M.'s awarded to Tall Bearded iris in the 1958 voting.

Cultural Directions for Bearded Iris

Rhizomes will be shipped to you in a firm condition and should be planted as soon as possible after they are received. If you are unable to plant on receiving them, then be sure and keep the rhizomes in a dry and cool place until you can plant them.

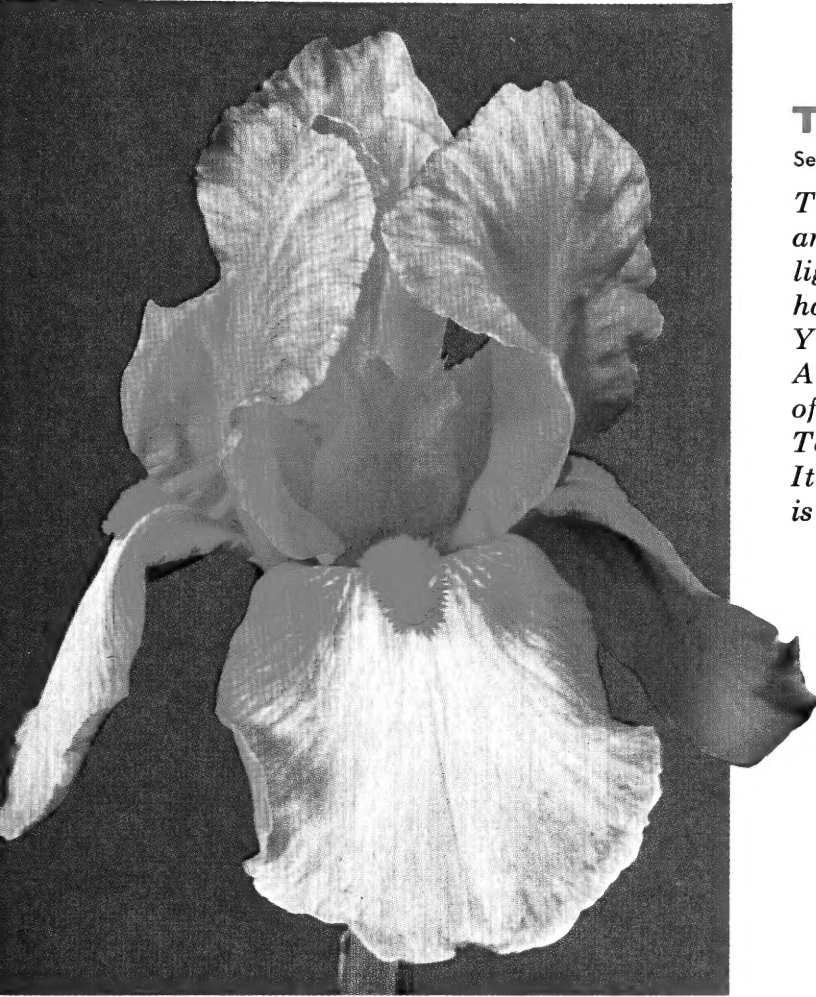

Your soil should be damp before planting and a good wetting after planting is usual, depending on weather conditions. After roots are well established, be careful and DON'T water too often. Bearded iris demand good drainage. If your soil is heavy and poorly drained, set the rhizomes a little higher than the surrounding soil. The rhizome should be planted so the soil just covers it and no more; be sure and spread the roots well and firm the soil around them. This will anchor the rhizome until the new roots form.

In early spring a side dressing of WELL ROTTED manure produces beautiful blooms. Care must be taken not to allow any fertilizer to come in direct contact with the rhizome.

Separate your plants about every third year for best results.

A small handful of bone meal to each plant well worked through the soil before planting is advised.

TORRID ZONE

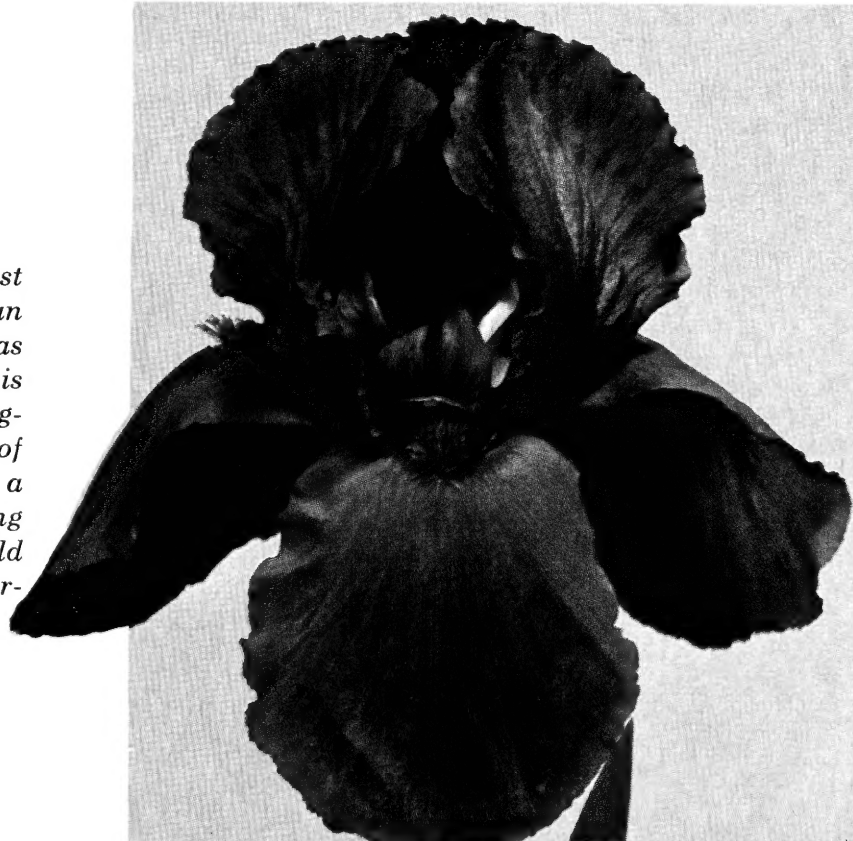

See Page 4

The standards of this colorful beauty are Aureolin Yellow, Wilson 3/1 lightening at the tips. The white falls have clean hafts of bright Lemon Yellow, Wilson 4, with border of Aureolin, Wilson 3/2. The highlight of the flower is the wide and heavy Tangerine Orange beard, Wilson 9. It appears to be clipped. Branching is fair.

EDENITE

See Page 4

Not since Butterscotch Kiss first bloomed here in the garden has an iris attracted so much attention as has Edenite. The name for this dusky dweller in Eden was suggested by Mrs. Thomas Powell of Spokane. The entire flower is a deep red-black with the falls having a sooty black appearance. It should prove a grand breeder as it is fertile both ways. H.C. '58.

1959 INTRODUCTIONS

Below are presented the 1959 new iris from Eden Road. There are some fine new color breaks in this group. These iris have been tested for several seasons. All have been carefully selected and approved by garden visitors. We think you too will like them. There are full color portraits of six of these new beauties.

APRICOT CREAM (Plough '59) ML. 30 in. No. 54-94-5. ((Apricot Glory x Mary Randall) X Sib.). The name best describes the color. This is a new iris color—nothing else like it. The closest color in the Chart is Aureolin, Wilson 3/3. There is a smoky cast over this smooth new beauty. The beard is light tangerine, the petals are large and wide, and the flower flares nicely. Pictured on page 5. \$20.00

BON VOYAGE (Plough '59). M. 34 in. No. 53-86-5. ((E. Nelson sdlg.: Ormaco x Flora Campbell) x Heritage) X (Mary Randall). An orchid for milady. The standards of this new beauty are white with edges lightly tinted Cobalt Violet, Wilson 634/3. The falls are white with darker flush of violet below the beard. The styles are tipped violet. The beard is white turning to yellow in throat. The whole flower is lightly ruffled, and it has an odd texture. Hardy and a good increaser. A good stock enables us to price this at. \$10.00

CLOUD DANCER (Plough '59) ML. 35 in. No. 55-36-47. (Cloud Parade X Native Dancer). We wanted to call this gay affair Party Doll, as the name seemed perfect for it. As it was taken, we named it after the parents. This heavily ruffled and fluted white self has a bright tangerine-red beard. This is a fine color break from two pinks. The standards are crisply and firmly held and do not fully close, showing the beard to greater advantage. Fertile both ways. H.C. '58. Pictured on front cover. \$25.00 net*

EDENITE (Plough '59) EM. 30 in. No. 55-11-14. (Great Day X Sable Night). Not since Butterscotch Kiss first bloomed here in the garden has an iris attracted so much attention as has Edenite. The name for this dusky dweller in Eden was suggested by Mrs. Thomas Powell of Spokane. The entire flower is a deep red-black with the falls having a sooty black appearance. It should prove a grand breeder as it is fertile both ways. H.C. '58. Pictured on page 3. \$35.00 net*

FAIRY GODDESS (Plough '59) M. 38 in. No. 53-121-24. (Alice Lemen X Truly Yours). Large ruffled flower with edges of petals lightly laced. Color is warm white. The center of the standards are flushed Aureolin Yellow, Wilson 3/2 and the hafts of the falls the same, Wilson 3/1. This variety has beautiful candelabra branching showing off the flowers to perfection. Pictured on page 16. \$20.00

GAY PAL (Plough '59) EM. 40 in. No. 53-138-50. (Gay Paree X Palomino). Pure white flower with edges of standards faintly edged with Lemon Yellow, Wilson 4/3. The clean hafts are intense lemon yellow, Wilson 4/1. Beard is bright tangerine. The medium size flowers are of semi-flaring form and there are lots of them. Branching is fine, and there is a long season of bloom in this gay and brightly colored beauty. Co-introduced with Iris Test Gardens. \$15.00 net*

LILAC FESTIVAL (Plough '59) EM. 32 in. No. 53-75-7. (Cascade Splendor x Chantilly) X (Pink Bountiful x (Laurel Hill x Gems of Topaz)). Classy, lightly ruffled wide orchid self that shows its great breeding. The beard is in complete harmony, being a paler tint of orchid. Named in honor of Spokane's great spring celebration. Stock scarce. H.C. '58. Pictured on page 5. \$25.00 net*

PARTY FAVOR (Plough '59) ML. 40 in. No. 51-204-14. (Fairy Blush x Hit Parade) X (Futuramic). Lightly laced and ruffled near self between Shell Pink, Wilson 516/3 and Peach, Wilson 512/3. The closed standards are slightly deeper in color. The falls are arched and semi-flaring. Beard is Saturn Red, Wilson 13/2. Fine branching and fertile both ways. \$20.00

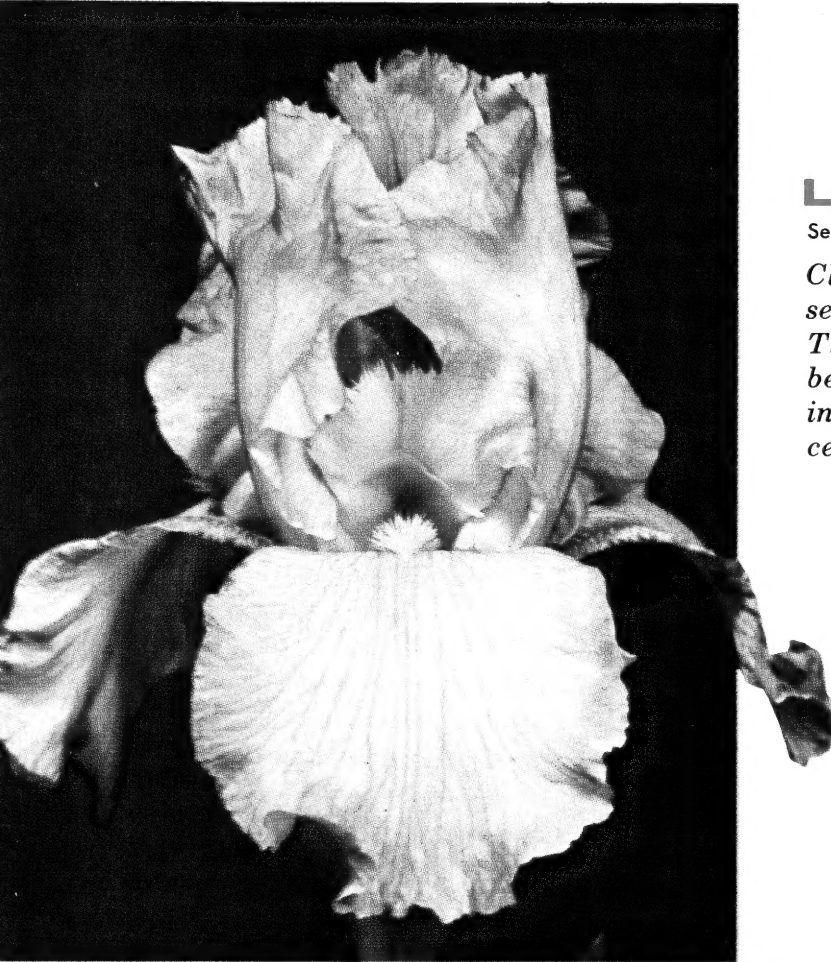

SATAN'S CHOICE (Plough '59) EML. 32 in. No. 53-48-17. (Garden Glory) X (Black Forest x Pink Sensation). Here is our first release from pink and black breeding. This is a very smooth dark blackish-red self with a violet beard tipped red-violet. This is a new approach to reach the true scarlet iris color. It could do it. Of entirely different form from Edenite, Satan's Choice has viable pollen, and we should bloom crosses of the two this spring. Pictured on back cover. \$25.00

TORRID ZONE (Plough '59) M. 38 in. No. 53-9-1. (Palomino) X ((E. Nelson Sdlg.: Ormaco x Flora Campbell) x Heritage). The standards of this colorful beauty are Aureolin Yellow, Wilson 3/1 lightening at the tips. The white falls have clean hafts of bright Lemon Yellow, Wilson 4, with border of Aureolin, Wilson 3/2. The highlight of the flower is the wide and heavy Tangerine Orange beard, Wilson 9. It appears to be clipped. Branching is fair. Pictured on page 3. \$20.00

*Note — All varieties marked net do not figure in any price premium as shown in this catalog. They are net retail and wholesale. They may, however, be selected as Free Bonus plants. All other introductions are subject to the Free Premiums as shown on page 7.

1959 INTRODUCTIONS — Continued from Page 4

We take pleasure in presenting three fine new iris from Mrs. Ralph S. Nelson (Jeannette) of Coeur d'Alene, Idaho. These varieties were selected from the many fine seedlings in her large experimental plot and we feel sure that you too will admire their beauty if you find a spot for them in your garden or border.

BEACON FLASH (J. Nelson '59) EML. 32 in. No. 54-F-27. (Prospector X Rainbow Room). The standards are very vivid yellow. The falls are the same brilliant yellow with a large white center area. The beard is orange. The color is so intense that it makes a very sharp contrast. Fine form. Fertile both ways. \$20.00

IMPERIAL AMETHYST (J. Nelson '59) ML. 40 in. No. 57-51-1. (Mary Randall X Twenty Grand). A lovely, smooth amethyst violet self, with lighter hafts. The closed standards and ruffled, flaring falls are unusually wide. The beard is orange. Substance and branching are excellent. Fertile both ways. Should be great breeder. \$25.00

NIKE (J. Nelson '59) EM. 38 in. No. 55-6-3. (Cloudcap X Palomino). A giant, flaring flower with an eight-inch spread. The very wide, ruffled standards and falls are Apricot, Wilson 609/3 with some maize yellow at the haft, and a wide red beard. Fine substance and well branched stalks. Fertile both ways. \$25.00

We can't bear it if we don't have your order.

DEALERS — We do not issue a wholesale list, but prefer to quote on your want list. Send us alphabetical list of stock in which you are interested. Please use your letterhead, give your state license number, or give other evidence of your commercial status.

We take pleasure in announcing the appointment of Mr. L. L. "Lyn" Hoffman of the Hoffman Iris Gardens, 113 D. St., Davis, California, as our agent for the Sacramento area of California. Many of the recent Eden Road introductions may be seen in this show garden this spring, and in 1960 all of them will be grown there, so you who live in that area may see the new things before ordering them. Mr. and Mrs. Hoffman invite you to see these new creations, and will be happy to take your orders.

Gerry Smith and Jerry Bainard again headed our crew during the past iris season. These fellows are continuing their education at Wenatchee Valley College. Returnees were Derrel Foreman, Jim and Tommy Samuel, and Michael Smith. Newcomers were John Brockwell and Kenny Wilmoth. Tom and Mike are in Eastmont Jr. High. The others all attend Eastmont High School. These fellows are the ones responsible for the fine large rhizomes we were able to ship to you last summer. Velma Wren was in charge of weeding and watering until she moved to Oregon in mid-July. Then Thelma Lee took over and did a fine job to finish out the season. Others doing their bit to help out during the season were H. M. Baber, Pat Comer, Clyde and Faye Houser, Colleen Owens, Lola Palmer, and Gertrude Tucker. Estelle West did her usual fine job in the office as the stenographer.

PLEASE READ CAREFULLY

Get your order in early. We ship only during July and August. On all orders postmarked before May 31, 1959, you may select 10% of your iris order (value) as an added premium. This is not a cash discount and should not be used as such.

1959 OFFER

Minimum order \$10.00

On orders **from \$10.00 to \$12.50**.....you may **select 25% more value in free iris**
On orders **from \$12.75 to \$15.00**.....you may **select 40% more value in free iris**
On orders **from \$15.25 up**.....you may **select 50% more value in free iris**

Others may give higher premiums, but none have as many new iris from which to choose as does Eden Road.

Here are examples as to how this works. Your order may look like this:

1 Bon Voyage	\$10.00	1 Apricot Cream	\$20.00
1 Quest	2.50	1 Flame Kiss	15.00
1 Salmon Fuchsia \$2.00.....	Free	1 Imperial Amethyst	25.00
1 Zebra \$1.00	Free	1 Cloud Dancer \$25.00	Free
		1 Eastmont \$5.00	Free
Check enclosed	\$12.50	Check enclosed	\$60.00

Please do not figure out the mathematical percentages and show discount, but enter order as shown in examples above. In this way you select your own free extras. We do not allow you to pay for part of the value of one iris and take the balance of cost of this same iris as your free extra. (This would be the same as a cash discount.) Remember, we have no cash discount.

Order early as some varieties are in short supply. On later orders, please give us second choices on free premium iris. This will save time and correspondence. Keep in mind that we ship only during July and August.

Remember that we pay postage or express on all orders in U.S.A. Foreign shipments are F.O.B. Wenatchee.

Please do not write letter on order blank, but use separate sheet. All orders will be promptly acknowledged. If you list your order alphabetically, it will save us time and money. You will gain by it, too; try it and see.

We do not issue a Wholesale list. Dealers, send us alphabetical list of stock in which you are interested and we will quote you. Please use your letterhead or give other evidence of your commercial status.

TERMS: Cash with order. Please remit with money order or check made out to Eden Road Iris Garden. No C. O. D. orders or stamps accepted. Minimum order \$10.00.

POSTAGE OR EXPRESS will be paid on all orders in the U. S. A.

FOREIGN SHIPMENTS are F.O.B. Wenatchee.

WASHINGTON STATE RESIDENTS only—please add 3 1/3 % Sales Tax.

SHIPPING will be by rotation as orders are received and will begin in early July and continue through August.

GUARANTEE: All rhizomes are guaranteed to be true to name, labeled, top quality and size, free from insect pests and disease. If for any reason you are not completely satisfied please notify us promptly. On failures to grow, notify us by November 1.

CLOUD DANCER (Plough '59). See introductions. Pictured on front cover.

CLOUD PARADE (Plough '56) M. 36 in. (Cloudcap X Gilt Edge x Hit Parade)). Clear, clean, bright, ruffly pink set off by a fiery red beard. Strong stalks. New blood here for pink breeding. \$5.00

COLOCKUM (Plough '56) M. 33 in. (Gold Ruffles X Chantilly). As might be expected from the parentage, this beautifully ruffled lemon cream has the edges of the falls heavily fluted and shirred. The standards and styles are lightly shirred. Intense yellow beard. This is breeding fine seedlings. \$5.00

COLONIAL BOUQUET (Jonas '56) M. 36 in. (Chantilly) X (D. Hall Sdlg. x Mary Randall). Blend of mallow pink and salmon. Beard is salmon. Excellent form with ruffling and heavy substance. Thrifty grower. . . \$10.00

COLORAMA (Crandall '57) M. 38 in. (Pink Formal X Capitola). Beautiful new hybrid. Standards are lavender. Falls are lavender blended chartreuse. Style arms are bright purple. Very full and wide flaring flower. Hardy and most attractive. \$5.00

COLOR CARNIVAL (DeForest '49) EM. 37 in. (Spindrift) X ((Salar x Sandia) x Prairie Sunset). Rich pink with tangerine beard. Upper part of falls is colored bright purple. Striking and startling. H. M. '50. . . . \$2.00

COLORGLO (Schreiner '53) M. 40 in. (Idanha X Rainbow Room). Colorful blend of buff-beige standards and falls of fawn and heliotrope with a lavender blaze. Flowers are large, substance and form are good. . . \$2.50

COLUMBIA (Tompkins '52) ML. 36 in. (Sib to Courtesy) X (Annabel x Narian). Medium blue. Flowers are full, with wide petals, heavy substance, and gleaming finish. Well branched and long blooming. H. M. '52. \$1.50

COMANCHE (Sass '55) M. 38 in. (Port Wine X Port Wine). A larger and richer version of Port Wine. Very colorful and showy. . \$1.50

CONCORD RIVER (Buttrick '56) M. 38 in. ((Helen McGregor x St. Regis) x Cloud Castle) X (Seafarer x Great Lakes). From a breeder who is a perfectionist comes this very light blue with a white beard. The standards are domed and firm and the broad flaring falls are wide at the hafts. This is ruffled, of firm texture, and there are lots of blooms on the strong, well branched stalks. H. M. '56. \$15.00

CONCORD VELVET (Crosby '52) M. 38 in. (Wm. A. Setchell X Sable). Large well formed flowers of rich deep purple. Well branched. H. M. '52. \$1.00

CONGO (Schreiner '53) M. 36 in. (Ethiopia Queen X Velvet Dusk). Very dark red purple with black undertones. The large flowers are well displayed on widely branched stalks. \$2.00

SPECIAL POSTAGE OFFER

If you include \$1.00 to apply on postage, you may select any ONE iris priced up to \$2.00 absolutely free.

CONQUEROR (Wells '56) M. 36 in. (Involving China Maid, Tiffany, Rich Raiment, Molten, Savage, and Rosired). Fine new rich deep red of a pleasing shade. Form is very good. Growth is vigorous and bloom is abundant. \$10.00

CONSTANT COMMENT (D. Hall '54) M. 36 in. (Two Sdls.) Apricot pink self with a heavy red-orange beard. Flowers are large and heavily substandard with finely notched edges. Husky grower. H. M. '56. . . . \$2.00

COPPERHEAD (Reinhardt '55) M. 34 in. (Mexican Magic X Susitna Sunset). A colorful blend of copper brown and greenish yellow. The heavily substandard flowers have domed standards and flaring falls. Proving a good breeder. \$5.00

CORAL REEF (Samuelson '56) M. 40 in. (Sdlg.) X (Sdlg. x Pink Formal). Here is a rich coral pink self with tangerine beard. This beauty has good substance and increases well \$12.50

CORONATION RED (H. Hall '53) M. 39 in. (Color Sargeant X Garden Glory). Glowing, non-fading oxblood red with the standards slightly lighter in tone. The flaring falls have a velvety finish and are clean-hafted. Rich orange beard. Wide branched and vigorous. Very brilliant and fine. H. C. '52. \$3.50

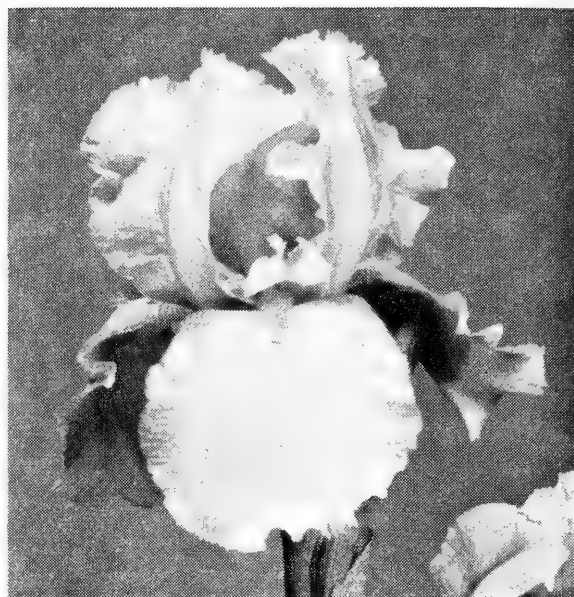

COUNTRY EDITOR (DeForest '55) M. 40 in. (Sdlg. X Rodeo). Sib. to By-line. Plicata with yellow ground. Wide standards. Falls are wide, well rounded, and lightly marked with brown. Colorful. \$4.50

CRAZY QUILT (Vallette '58) M. 36 in. (Ruth Pollock X Peachblow). Here is a new novelty iris. This is a yellow ground plicata on the order of Ruth Pollock. It is streaked, striped, and blotched with white. Listed for those who like something different. \$5.00

CREAM CHIFFON (Innes '53) M. 38 in. (Blue Rhythm X Ruth). A sensational flower from an unusual cross. Standards are light canary; falls are creamy with canary beard. A big frothy cream of fine form on a tall, very well branched stalk. Very fine. . \$1.00

CREAM COCKATOO (Keith) M. 34 in. (may be sport of: California Gold X Happy Days or may be California Gold X Zebra). This is listed for the hybridizer mainly. The foliage is variable, running from all green to all white with some fans variegated and others nicely striped. The flower is quite large and of a clear light yellow. It is semi-flaring in form. Cream Cockatoo may produce something unusual. A pink iris with foliage of Zebra would be a sensation. Mr. Keith consented to let me list this interesting variety so that hybridizers might have access to it for breeding. Earliest orders will receive the most uniformly striped fans. \$2.00

CREAMGLO (Vallette '57) M. 38 in. (Chantilly) X (Muhl. Sdlg.: Gold Ruffles x (Alice Harding x Type Dore)). A new cream beauty with a butter-yellow glow at the haft and in the heart of the flower. \$5.00

FAIRY GODDESS, See Page 4

CRESCENDO (Tompkins '55) ML. 39 in. (Manana X Garden Glory). A new red not unlike Garden Glory, but a much better performer, and on a taller stalk. The broad heavily substandard petals have a velvety, non-burning finish. Branching is excellent. H. M. '55. \$10.00

CRINKLED LILAC (Schreiner '57) M. 36 in. (Two Sdls.). Colorful orchid-lilac with a glistening sheen. Petal edges are nicely laced on the wide fully formed flowers. . . . \$7.50

CRINKLED RIBBON (Schreiner '56) M. 36 in. (Pathfinder X Rose Splendor). Blend of topaz, rose, and pink. May carry the lacing factor as there is a very light crinkling on the edges \$3.00

CRINKLED SUNSET (Plough '57) ML. 32 in. (Quest X Cliffdell). Sib to First Flight. A very heavily laced and shirred creation. A blend of sunset coloring, the standards are lavender and buff while the falls are violet, pink, and buff. If you are working with lace, you will want this beauty to work with. Very colorful. H. M. '58. Pictured on page 44. \$12.50

CRISPETTE (Schreiner '54) M. 34 in. (Involving Harriet Thoreau, Angelus, Matula, etc.). This deep orchid beauty gives a feeling of sturdiness and massiveness yet it is ruffled and the petal edges are fluted and lace edged. A. M. '57. \$3.50

CROWN POINT (Tompkins '58). ML. 38 in. (Lela Dixon X Dotted Swiss). White ground plicata with a broad border of stitching around the standards and falls of clear sky blue. Full white beard. The heavy substandard flowers have wide petals with wide hafts that are ruffled. Bloom placement and branching are excellent. \$20.00

CUBA LIBRE (Plough '57) EM. 35 in. (Aladdin's Wish X Cuban Carnival). Fancy type plicata with standards of pansy violet and falls of plum purple. Bright, clear yellow on the hafts and throat. Styles are yellow and violet. Name is pronounced Cu'ba Lee'bray. Very strong grower. \$6.00

- CUPID'S DART** (Craig '53) M. 45 in. ((Mount Washington x Flora Zenor) X Sib). Clear opera pink of good carrying power with bright red beard, and hafts of deeper warm pink. Tall and flowers heavily. \$2.50
- CUTIE PIE** (Madsen '56) ML. 36 in. (Ruffled Gem X Chantilly). Self of wisteria violet with a warm glow in the throat and yellow beard. Petal edges are nicely laced. Should be a good breeder for the popular lace edges. \$5.00
- DAMASCUS BLADE** (C. White '53) M. 38 in. (Involving Quaker Mischief. 1/4 onco. blood). An exotic steel gray with a light blue blaze in the falls. There are some shadings of mauve-pink and brown, but the effect is gray. Sensationally different—a real breeder's triumph \$1.50
- DANCING DOLL** (R. Brown '57) ML. 42 in. (Heritage X Temple Bells). Showy golden-apricot self with orange-tangerine beard. Form is flaring with wide petals and good substance \$7.50
- DANCING RIPPLES** (Sass '56) M. 36 in. (Involving Maid of Astolat, Lake Huron, Blue Shimmer, etc.) X (Porcelain Blue). Pure white ground plicata lightly marked clear light blue. One of Mr. Henry Sass' beautiful Swan Songs. H. M. '56. \$10.00
- DANCING TIGER** (Schreiner '53) M. 38 in. (Two Sdls.). Beautiful new yellow-ground plicata marked with brown. A big improvement in this color class, this is bright and showy with fine form and good growing habits \$3.50
- DARK BOATMAN** (P. Cook '54) M. 34 in. (Black Forest X Sdlg. involving Modoc, Sable, and Black Wings). Much sought after dark beauty. Standards are deep violet and falls are black with violet tinge. Deep violet beard. Haft is clean, and flower is well substantiated. A. M. '56. \$7.50
- DARK CHOCOLATE** (Murray '54) EM. 36 in. (Tobacco Road X Grand Marshal). Large dark chocolate brown self. Petals are wide. Form is flaring. Well liked here last season. Hardy. H. M. '54. \$5.00
- DARK HALO** (Tompkins '56) M. 38 in. (Two sdls.). White ground plicata heavily marked dark blackish purple. The large flowers are nicely formed with good substance. Stalks are tall and well branched. An attractive newcomer \$20.00
- DARLENE WATERS** (Linse '56) E. 40 in. (New Snow X Capitola). Very large light blue-violet hybrid. The flowers are full and broad and are well displayed on a tall stalk. Very fine \$7.50
- DAWN PINK** (Nesmith '53) ML. 38 in. (Barbara Luddy x Sdlg.) X (Courtier). Bi-tone with standards of clear shell pink and falls of deeper azalea pink. Heavy substance and non-fading. Gives a very pink effect. H. M. '53 \$4.00
- DEEP BLACK** (P. Cook '55) ML. 36 in. ((Black Forest x (Captain Wells x Indiana Night)) X ((Modoc x Black Wings) x Indiana Night)). Standards are blackish violet. Falls are solid jet black over all. Beard is deep violet. Medium sized flowers. A. M. '57. . . \$8.00
- DEEP DEVOTION** (Tompkins '56) ML. 40 in. (Cotton Candy X Apricot Supreme). Colorful pinkish orchid set off by a glowing peach pink beard. A glowing color that stands out in the garden. H. C. '54. \$10.00
- DEFIANCE** (Tompkins '53) ML. 34 in. (Manana X Technicolor). Rich cardinal red self near crimson. The medium sized flowers have nice form and good substance. An advance in red breeding. One the hybridizers are using heavily. H. M. '53. \$10.00
- DEMURE** (Nesmith '54) EM. 38 in. (Unknown). Reverse bicolor with standards of Orient pink and falls of creamy white. There is a flush of pink and yellow each side of the pink tangerine beard. The ruffled flower is of semi-flaring form. Wide branching. Different \$3.00
- DERWENTWATER** (Randall '55) M. 38 in. (Helen McGregor X Cahokia). Clear light Spectrum Blue. This makes many other blues look lavender. Large blooms with wide hafts and flaring form. Strong well branched stalk. A grand new English beauty. . \$7.00
- DESERT FLOWER** (Sass '55) M. 36 in. (Involving Mme. Louis Aureau, Orloff, sdls.). Here is something different—a blended bicolor plicata. The standards are light yellow flushed tan. The falls are white overlaid violet and edged with yellow-tan. Colors are all in pastel tones. \$3.50
- DESERT TAN** (Murray '54) EM. 40 in. (Sib. to Dark Chocolate). Large golden tan self of fine form. Attractive and showy. . \$2.00
- DESERT TWILIGHT** (Miess '52) M. 40 in. (Sierra Snow X Ming Yellow). Pastel shade of violet-lobelia with warm mauve wood brown hafts. Golden yellow beard. Large flowers with domed standards and flaring falls. Heavy substance. H. M. '52. . \$3.50
- DR. WANLASS** (Wanlass '56) ML. 32 in. (Chantilly X Chivalry). Medium violet self of heavy substance and flaring form. Petals are nicely ruffled. Should be of interest to hybridizers working for a lacy blue. . \$10.00
- DONALYN** (B. Jones '56) M. 38 in. (Dogrose x Melitza) X (Floradora). Large, flaring, and ruffled bright apricot self. Flowers have adequate substance and are well spaced on sturdy stalks. \$5.00
- DOROTHY BEATTY** (Clevenger '58) M. 33 in. (Unknown). Bitone with standards of light mauve edged golden brown, and falls of darker mauve with the same edging. Beard is yellow. Substance is heavy and leathery and the branching is good. Fertile both ways \$15.00

DREAM MAGIC (Schmelzer '57) ML. 38 in. (Dreamcastle X Arlene Wood). New bright rose pink with wide petals. The form is flaring and the whole flower is nicely laced. The falls show a cocoa edging which is actually on the underside. Tall and well branched. This should prove a good breeder. . . \$25.00

DREAMY (Linse '53) ML. 37 in. (Snow Flurry X Cloud Castle). Very large ruffled white of unusual crepe texture like a bowl of freshly popped popcorn. Vigorous and strong growing. White even to the beard. H. M. '56.....\$2.50

DRESS REHEARSAL (Lapham '54) EM. 36 in. (Redward X Pacemaker). Large, wide-petaled, smooth, rich red self. Coloring is even and heat resistant. Beard is dark yellow. \$2.50

DUKE OF BURGUNDY (J. Nelson '58). EML. 48 in. (Gene Wild X Black Hills). From its plicata ancestry, one would not expect this very smooth, dark burgundy iris. The huge, heavily substanted flower has standards well domed and falls wide and flaring. Its sultry beauty is enhanced by a wide brown beard. The tall stalk is very strong and well branched. It blooms over a long period and is very hardy. Fertile both ways. H. C. '57. \$20.00

EASTER GREETINGS (Miess '55) M. 34 in. (Berkeley Blue x Winter Carnival) X (Cloud Castle). Nicely ruffled pure white with domed standards and horizontally flaring falls. The beard is a bright lush yellow. Substance and branching are good. . . \$5.00

EAST INDIES (K. Smith '54) M. 40 in. (Golden Days X Cascade Splendor). Soft buff brown with an overlay of iridescent lavender and violet. The broad petals are full and ruffled. Well branched. H. M. '55..\$7.50

EASTMONT (Plough '56) EML. 40 in. (Snow Flurry X Capitola). Intense violet with brilliant coloring. The flowers are large and ruffled. Stalks are well branched and tall. An unusual feature is the foliage which is sword-like and grows very tall. Named after our new local high school.\$5.00

EBONY ECHO (Tompkins '48) ML. 34 in. (Cape Bon X Casa Morena). Large, broad-petaled, and heavily ruffled flower of flaring horizontal form. Velvety carmine red with a black sheen. Extremely heavy substance. Wonderful parent. A. M. '53.....\$1.00

EDENITE (Plough '59). See introductions. Pictured on page 3.....

ELEANOR'S PRIDE (Watkins '56) M. 39 in. (Jane Phillips X Blue Rhythm). A majestically beautiful powder blue iris that is an absolute self. The standards are closely held and the falls are semi-flaring. Petals are wide and of firm substance, and the full white beard is unusual. Add ruffling and fine branching and you have a great iris. A. M. '58\$15.00

ELIZABETH NOBLE (K. Smith '55) ML. 36 in. (Helen Collingwood X (Extravaganza x Fort Ticonderoga)). A grand new amoena. The standards open palest lavender, changing to white. The falls are true purple with no haft venations. The crests are brushed with purple and the beard is white. Petals are lightly ruffled and form is flaring. H. M. '55\$7.50

ELYSIAN GOLD (DeForest '55) M. 38 in. (Cloudcap X Sdlg. of Blue Shimmer). Large ruffled sulphur yellow or chartreuse gold self. An unusual color coming from tangerine bearded pink and plicata breeding. Of interest to hybridizers and proving a good parent.\$7.50

ENCHANTED LACE (Wallace '56) L. 36 in. (Centennial Queen X Chantilly). A large wide flower done in a blend of peach tones. Form is flaring. Petals are lace edged. A winsome new beauty.....\$15.00

ENCHANTED PEARL (R. Brown '56) EML. 36 in. (Snow Flurry X Chivalry). Iridescent, pearly, blue-white of heavy leathery substance. There are lots of blooms on this ruffled, flaring beauty. Fine branching. Very attractive\$10.00

ENCHANTED PINK (Bro. Charles '56) M. 38 in. (Two sdls.). Very clear baby ribbon pink with a deeper pink beard. Non fading. The standards hold together and the falls are slightly flaring. Medium sized flowers on well branched stalks\$8.00

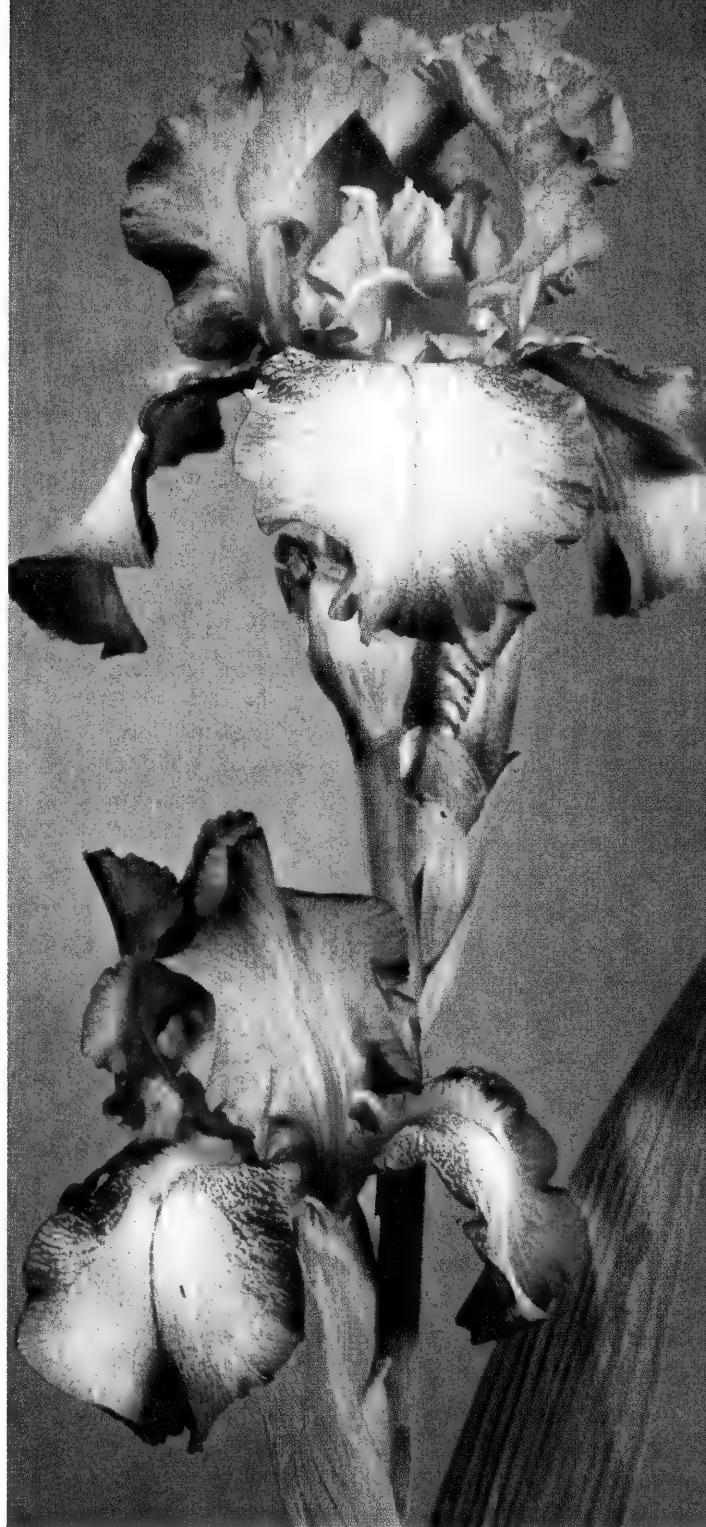

ENCHANTED VIOLET (Hamblen '58) ML. 36 in. (Helen McGregor x Radiation) X (Palomino). Wide, ruffled, and heavily substanted light violet with a flash of pink and orchid in the center of the falls. Beard is bright red-tangerine. A beauty and one the hybridizers will be after too. H. M. '58. \$17.50

ENCHANTRESS (D. Hall '54) M. 35 in. (Sunray X Sdlg.). Ivory flushed pink, mostly in the standards. The falls have an amber flush in the center. Beard is brilliant orange. The large flowers have an enamel-like finish. Strong stalks.....\$3.00

ENCOUNTER (Benson '56) M. 38 in. (Belle-rive) X ((Valor x Dauntless) x Inspiration). Golden yellow standards top the white falls with yellow border. Flaring form. Bright and attractive.....\$10.00

ETHEL HOPE (S. Jensen '58) ML. 36 in. (Chantilly X Fuchsia). Lacy orchid and white. The falls have a wide deep orchid border. The flowers are not large so this excels as an arranger's iris. Easy grower and should prove a fine breeder.....\$8.00

EVENING STAR (Corey '55) ML. 36 in. (Snow Flurry x Golden Treasure) X (Daybreak x Midwest Gem). Beautiful clear and clean lemon-cream pastel self that is nicely ruffled. A serene beauty for a foil for the bolder colors. We are using this in our breeding program for lace. H. M. '55.....\$10.00

TAHOLAH, See Page 43

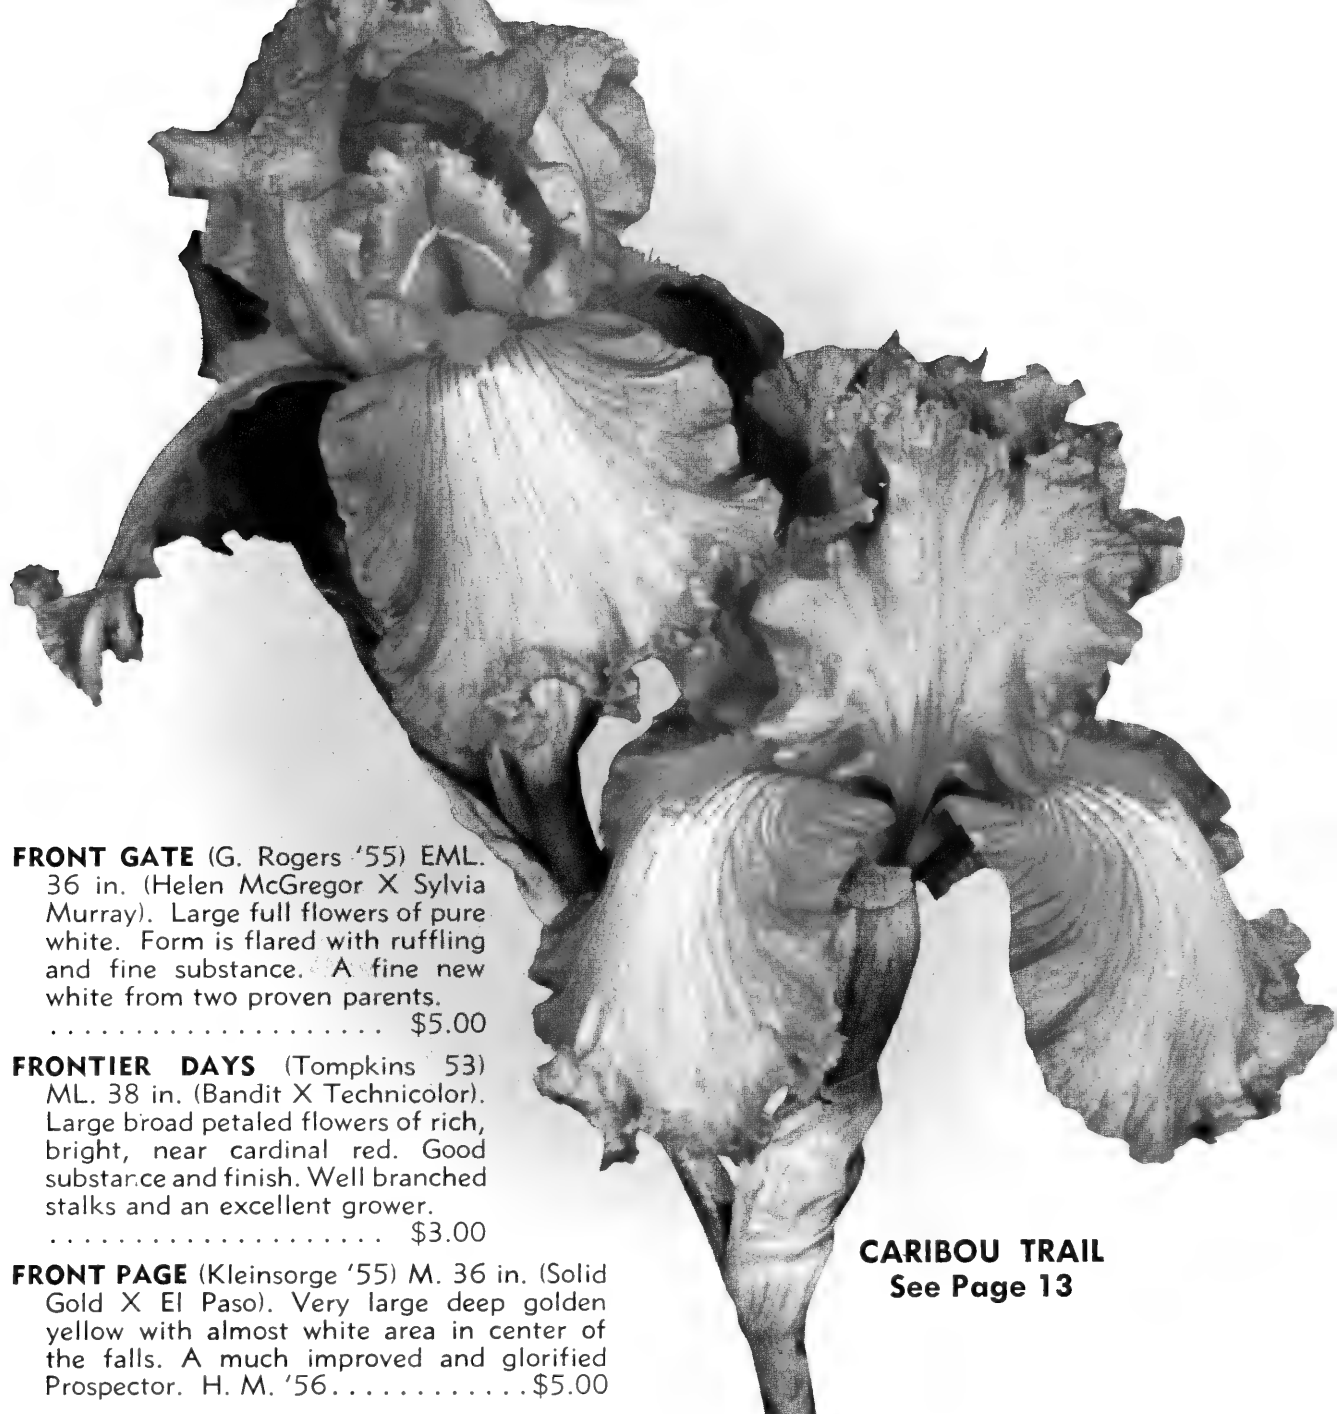

FABULOUS KATE (Muhlestein '50) M. 38 in. (Late Sun x Radiant) X (Pink Formal). Very large bright medium yellow of beautifully flaring, ruffled form. Stalks are strong and well branched. A top notch iris. H. M. '52\$1.50

WHEEL OF FORTUNE (K. Smith '55) ML. 32 in. (Admiration) X (Spun Gold x (Yellow Glory x Siegfried)). Clear buttercup yellow with no other colors to mar its loveliness. The flowers are broadly formed and generously ruffled. The standards are firm and well held, and the falls flare widely. . . \$5.00

WHITE BOUQUET (Hinkle '57) ML. 38 in. (Spanish Peaks X First Affection). Huge creamy white self including the beard. Buds and undersides of falls are green. Hafts are very wide. Substance is good as is the branching. H. M. '57. \$15.00

WHITE CINDERELLA (Wallace '54) M. 42 in. (Snow Flurry X Cloud Castle). Large blue-white with very wide petals. Flower is nicely ruffled. A nice accent for the back of the border \$2.00

WHITE PALOMINO (D. Hall '58) M. 36 in. (Palomino X Sib). About a replica of Palomino except that it is done in copper and white. The white standards blend into copper at the base. There is a coppery overlay each side of the bright tangerine-red beard. Should be useful for hybridizing. . . . \$15.00

PEACH PLUME
See Page 36

WHITE PEACOCK (Pattison '52) M. 36 in. (Lady Boscawen X Katherine Fay). Lovely new white that is being given much acclaim. The large flowers are broad and ruffled showing lots of quality and charm. A. M. '55, President's Cup '56. \$3.00

WHITE SPRITE (Cassebeer '51) M. 38 in. (And Thou X Azure Skies). Pure white even to the beard. The flower is large with broad flaring falls and is delicately ruffled and waved. A charming iris on slender, wiry, wind-resistant stalks. H. M. '52. . . . \$1.50

WHITE WAVES (Pierce '55) M. 36 in. (New Snow X Winter Carnival). Pure white of extremely heavy substance. Form is very flaring and attractively ruffled. \$1.75

WIDE WORLD (P. Cook '54) M. 38 in. (Involving imbricata and sdgls.). Very pale blue standards and cool white falls. Not much contrast. Beard is white. Large flower of good form with heavy substance. H. M. '54. \$10.00

WILLIWAW (Plough '57) EM. 34 in. (Aladdin's Wish X Pretty Pansy). Sib. to Chloe Inez. Here is a novelty that the visitors always exclaim over. The buds are violet blended to white. The flowers open to chalk white. All of the color is on the underside of the falls. The petals have an odd crumpled texture and an Albino look. Beard is light yellow tipped white. Named for the snow-swirling winds of the arctic northland. \$2.50

WINGED GODDESS (Lyon '56) M. 36 in. (Char-Maize x Green Pastures) X (Self). Here is a flower with broad, rounded petals somewhat ruffled and with a smooth satin texture. Color is unusual. Standards are very light uranium green flushed with blue-bird blue on the inside. Falls are a tint of uranium green with a wash of very soft blue-bird blue that is the same color as the beard. Excitingly different and you who are hybridizing for green will want this one to work with. H. M. '56. \$17.00

WINGS OF SONG (Whiting '53) ML. 34 in. ((Matula x Midwest Gem) x (Purissima x Matula)) X (Gilt Edge). A ruffled and delightful combination of pure white and bright yellow. The firm, closely domed standards are pure dandelion yellow.. The widely flaring falls are pure white bordered with same yellow. Hardy, well branched, and free flowering. H. M. '54. \$1.75

WINTER IMP (Sass '56) M. 36 in. (Snosheen) X (Involving Snowking, Moonray, Lake Huron, Alba Superba, etc.). Fine new white of medium size. Accent is on form and substance. The many flowers are well displayed on a fine stalk. H. M. '56. \$10.00

WINTERSET (Hickenlooper '57) EM. 36 in. (Snow Flurry X Billowy Sea). Cool white self with blue throat. Form is ruffled and flaring, and substance is heavy. This beauty is very weather resistant. Should be a good breeder for lacy blues and whites. H. C. '53. \$5.00

WINTER SUNRISE (Corey '58) M. 36 in. (Gussie X Sib). Nicely ruffled white with closed standards and slightly flared falls. Smooth unveined hafts are gold with matching beard. Nicely branched. Petal edges are serrated. Should be a fine breeder for lacy whites, pinks, and blues. H. M. '58. \$17.50

WITCH DOCTOR (Plough '55) EML. 28 in. (W-1 Cream Sdlg. X Capitola). Very large onco. of grayed, blue-lavender with a buffy-tan haft and heart. As large as any iris in commerce, this is an eye stopper. Long season of bloom. H. M. '56. \$4.00

WITH LOVE (Linse '57) L. 33 in. (New Snow X Capitola). A beautiful new creation of medium-light heliotrope with a blue tipped yellow beard. In the center of the large, spreading falls is an unbelievably large dark purple signal patch. Very hardy and with good substance and fair branching. \$15.00

YELLOW DRESDEN (Albright '56) EML. 26 in. (Rees sdlg.: Ruffled Bouquet x D. Hall 42-10) X (Heritage). Ruffled, flaring, and lacy light lemon yellow for the front of the border. This is proving a grand breeder for arrangement iris and for falls too. H. M. '57. \$7.50

YELLOW LACE (Wallace '56) M. 36 in. (Chantilly) X (Midwest Gem x D. Hall Sdlg.). Brilliant golden yellow with entire flower heavily ruffled and nicely laced. There is fine blood here to use for lacy pinks and for lacy yellow with red beards. \$15.00

YELLOW ORGANDY (Rees '52) L. 40 in. (Snow Flurry x Happy Days) X (Ming Yellow). Crisp and starched organdy of pale yellow with a tinge of green. Very heavily ruffled with the ruffling starting at the haft and along the sides of the falls. Tall and well branched. This is producing some interesting seedlings. \$2.00

YESTERYEAR (Branch '56) M. 36 in. ((Harriet Thoreau x D. Hall sdlg.) X ((D. Hall sdlg. x Radiation) x Sib)). Delicately colored orange toned self. Form very flaring, flower heavily ruffled. Long lasting blooms. H.M. '56. \$7.50

YLEM (Lapham '54) L. 36 in. (Relentless X Pacemaker). Bright Mascara red self with bright yellow beard. Said to be an advance toward true red coloring. \$9.00

ZEBRA (Pallida Variegata) (Krelage) M. 24 in. Outstanding for its foliage which is boldly striped creamy yellow and green. Small lavender blue flowers. \$1.00

ZOMBIE (Craig '57) ML. 36 in. ((Port x Molten) x (Cordovan x Rosired)) X (Bang). Intense rich dark red, near black. This iris fairly glows. Blooms are very large and full and form is flaring. You hybridizers will want to use this seedling of the famous Bang for breeding. \$30.00

ZULU WARRIOR (Craig '54) M. 38 in. (Joseph's Mantle X Burgundy Splash). Heavily marked new plicata. Standards are cream stippled rose. Falls are amber yellow with heavy band of rosy purple. H. M. '54. \$10.00

TALLER DWARFS, MEDIANS and LILLIPUTS

ALLAH (Doriot '57) 15 in. (Snow Flurry X Welch Dwarf). Standards are blue-lavender with deeper edges. Falls have a blue-lavender border with a spot pattern of brown, purple, yellow, and lavender, appearing parrot green. H. M. '57. \$7.50

BARIA (P. Cook '51) 12 in. Lovely lightly ruffled light yellow. H. M. '51. \$1.00

BLACK BABY (Sass '55) 12 in. Dark red-purple blended beauty. H. M. '58. \$1.50

BLUE ASTERISK (Greenlee '55) 20 in. (Dwarf sdlg. X Cloud Castle). Light flaxen blue self with darker blue spot pattern. H. M. '58. \$2.00

CLOUD FLUFF (Greenlee '55) 18 in. (Dwarf sdlg. X Cloud Castle). Pure white self of beautiful ruffled form. H. M. '57. \$2.00

FAIRY FLAX (P. Cook '51) 11 in. Nice flaring light blue, white beard. H. M. '51. \$1.00

GARNET TREASURE (Douglas '53) 10 in. Standards are light wine red while the falls are deep garnet bordered wine. \$1.25

GREEN HALO (Greenlee '55) 12 in. Standards light olive green. Falls same with deeper green halo pattern. Form is flaring. \$1.00

GREEN SPOT (P. Cook '51) 12 in. Fine off white with a half inch spot of bright green in falls. H. M. '51. \$1.00
